REGULAR MEETING OF THE PRESIDENT AND BOARD OF TRUSTEES
MONDAY, JUNE 24, 2024 AT 7:00 PM
BEECHER VILLAGE HALL
625 DIXIE HIGHWAY

AGENDA***I. PLEDGE OF ALLEGIANCE******II. ROLL CALL******III. APPROVAL OF MINUTES OF THE PREVIOUS MEETING******IV. RECOGNITION OF AUDIENCE******V. VILLAGE CLERK'S REPORT******VI. VILLAGE PRESIDENT'S REPORT******VII. COMMITTEE REPORTS******A. FINANCE AND ADMINISTRATION COMMITTEE - Todd Kraus Chair, David Weissbohn***

1. CONSIDER A MOTION APPROVING THE LIST OF BILLS AND PAYROLL.
2. THE ANNUAL TREASURER'S REPORT has been prepared and is enclosed for your review. This will be published in the local paper as required by law and posted on the website.

B. PUBLIC BUILDINGS AND PROPERTIES, PARKS AND RECREATION COMMITTEE - Joe Gianotti Chair, Todd Kraus

1. REPORT.

C. PLANNING, BUILDING AND ZONING COMMITTEE - Erik Gardner Chair, Joe Tieri

1. UPDATE ON ZONING ORDINANCE REVISION. Teska Associates has provided a completed draft of the revised zoning ordinance to steering committee members. The steering committee is scheduled to meet to review the draft on Thursday, June 27th.
2. THE NEXT PLANNING AND ZONING COMMISSION MEETING IS SCHEDULED FOR JUNE 27, 2024 AT 7:00 PM. A public hearing is scheduled for this meeting and it is anticipated that a workshop will be held for a special use permit request.

3. UPDATE ON POST OFFICE PARKING LOT AT THE CORNER OF PENFIELD AND MAXWELL STREETS.

D. PUBLIC SAFETY COMMITTEE - Joe Tieri Chair, Roger Stacey

1. A COMMITTEE MEETING HAS BEEN SCHEDULED TO DISCUSS COMMERCIAL BUILDING SPRINKLER REQUIREMENTS.

E. PUBLIC WORKS COMMITTEE - Roger Stacey Chair, Erik Gardner

1. PENFIELD STREET IMPROVEMENT PROJECT UPDATE.
2. CONSIDER A RESOLUTION FOR MAINTENANCE OF VILLAGE STREETS WITH MOTOR FUEL TAX (MFT) FUNDS UNDER THE ILLINOIS HIGHWAY CODE: APPROPRIATION. This resolution reflects what was approved in the Village of Beecher 24/25 Budget and is required to be filed with IDOT.
3. DISCUSSION ON ADDITIONAL REPAIRS NEEDED AT THE OXIDATION DITCH IN THE SEWER PLANT IN THE AMOUNT OF \$26,746.80.
4. DISCUSSION ON THE VILLAGE'S STORMWATER PERMIT REQUIREMENTS AND POLLUTION PREVENTION. Each year the Village Board is required to be presented its stormwater action plan and discuss the Village's progress in eliminating illicit stormwater discharges into Trim Creek. Because we have formal drainage systems that discharge into the creek we are liable for anything that may enter the creek which is considered a sensitive habitat and a recreational stream. The Village is required to inspect each of these outfall structures each year and report to the IEPA any discharge which may be polluting the creek. Employees also attend training programs and the Village must promote clean water practices in the Village newsletter and on the website. The Village Board is required to be aware of these activities. Enclosed is the formal application.

***F. ECONOMIC DEVELOPMENT AND COMMUNITY RELATIONS COMMITTEE
- David Wiessbohn Chair, Joe Gianotti***

1. UPDATE ON WILL COUNTY CED EYE OPENER BREAKFAST.

G. OLD BUSINESS

1. UPDATE ON VILLAGE HALL PARKING LOT PAVING.

1. TO DISCUSS THE APPOINTMENT, EMPLOYMENT, COMPENSATION, DISCIPLINE, PERFORMANCE, OR DISMISSAL OF PERSONNEL. *5 ILCS 120/2(c)*

I. NEW BUSINESS

J. ADJOURNMENT

**MINUTES OF THE REGULAR MEETING OF THE PRESIDENT
& BOARD OF TRUSTEES OF THE VILLAGE OF BEECHER
HELD AT THE BEECHER VILLAGE HALL,
625 DIXIE HIGHWAY, BEECHER, ILLINOIS
JUNE 10, 2024 -- 7:00 P.M.**

All present joined in the Pledge to the Flag.

President Meyer called the meeting to order.

ROLL CALL

PRESENT: President Meyer and Trustees Stacey, Tieri, Kraus, Gardner, Weissbohn and Gianotti.

ABSENT: None.

STAFF PRESENT: Clerk Janett McCawley, Public Works Superintendent Matt Conner, Chief Terry Lemming, Treasurer Donna Rooney and EMA Director Bob Heim.

GUESTS: Joe Burgess, Artie VanBaren, Nelson Collins and George Schuitema.

APPROVAL OF MINUTES

President Meyer asked for consideration of the minutes of the May 13, 2024 Board meeting. Trustee Tieri made a motion to approve the minutes as written. Trustee Stacey seconded.

AYES: (5) Trustees Stacey, Tieri, Gardner, Weissbohn and Gianotti.

NAYS: (0) None.

ABSTAIN: (1) Trustee Kraus.

Motion carried.

RECOGNITION OF AUDIENCE

Joe Burgess from Beecher Lions Club was present and gave an update on the burnout event scheduled for August 24th for Gould Street. The Lions Club has insurance and drivers will sign waivers. They have been making plans to be sure event will be safe working with Chief Lemming, having plenty of volunteers, and more barriers. It was agreed to have some police officers and EMA to be present for the event. Chief would like to see two officers at the event due to the possibly larger turnout. Lions Club will be responsible for any damage to the street. They plan to use the newly paved area off the street at the north end of the storage building next to the railroad tracks across from Sit-N-Bull. Artie VanBaren has done most of the organization for the event. It will also be a military event with a short parade, military vehicles, Will County SWAT team, as well as other military participants. Beecher High School band and Stockyard Kilty Band also agreed to participate. A car show will also be held. Burnouts scheduled to begin around 4 p.m. lasting for approximately an hour. The bars within the block might like to have a band in the street after the event. The Lions have been talking to the neighbors in the area to make sure they are okay with the event. They are looking for approval so they can start obtaining sponsors for the event. Event would start around noon with a short parade and go through the afternoon. Board told the

Lions to contact all of the residents in the area. They still need to determine areas for people to park. There were no objections to the event by the Board.

Nelson Collins was present to request the Board to reconsider refunding escrow money collected for his property on Indiana Avenue east of town from an agreement that expired. He explained that water and sewer lines were run across his property without an easement or permission. An agreement was made to put \$35,000 into a special Village account for the easement. The money came from a performance bond from the developer that was building homes east of the golf course. There was a condition to build a house on the property within ten years. Over that time no house has been built due to a number of reasons. Agreement said the money would revert to the Village if his house wasn't built within the specified time period, so the money was deposited into the Village account once the agreement expired. He felt it wasn't fair that the Village received the easement and the money put aside for that easement. He asked that the Village release the money to him. It was noted that the agreement did not state it was payment for the easement but money to be set aside for improvements. The agreement was executed in 2010. Board will consider his request but it cannot be voted on since it is not on the agenda.

VILLAGE CLERK REPORT

A report of income received in May, 2024 was provided.

VILLAGE PRESIDENT REPORT

President Meyer brought up the discussion of requirements for sprinklers for commercial buildings. Matter was referred to the Building, Planning and Zoning Committee to investigate further and to come up with recommendations for future construction so it can be consistent. This matter has come up a lot recently as to what construction requires sprinklers.

REPORTS OF VILLAGE COMMISSIONS

Trustee Kraus provided a 4th of July Commission report. Clean up date is this Saturday beginning at 6 a.m. in Firemen's Park. Next meeting to be held in Firemen's Park. Trustee Gianotti said paving is complete in areas around stage, beer stand and big six stand so now those areas are handicap accessible. Chevy Trax tickets are now available for purchase in person or on-line.

A Youth Commission report was provided by Trustee Weissbohn. The next meeting is scheduled for June 18th at 7:30 p.m.

Trustee Gardner provided a Historic Preservation Commission report. The next meeting will be Wednesday, June 19th at 6 p.m. at the Depot. They are still planning for the Day on the Dixie event on Saturday, June 22nd. All residents are invited to attend.

FINANCE AND ADMINISTRATION COMMITTEE

Trustee Kraus made a motion to approve the Treasurer's report. Treasurer Rooney was present and provided a report. Trustee Weissbohn seconded.

AYES: (6) Trustees Stacey, Tieri, Kraus, Gardner, Weissbohn and Gianotti.

NAYS: (0) None.

Motion carried.

Variance reports for the previous month were provided for review.

Trustee Kraus made a motion to approve payment of the list of bills in the amount of \$367,880.50 and payroll since the last meeting. Trustee Weissbohn seconded.

AYES: (6) Trustees Stacey, Tieri, Kraus, Gardner, Weissbohn and Gianotti.

NAYS: (0) None.

Motion carried.

PUBLIC BUILDINGS AND PROPERTIES, PARKS AND RECREATION COMMITTEE

Trustee Gianotti provided an update on the progress of the public safety facility. The groundbreaking ceremony was held on Saturday, June 1st. Progress is being made. Footing has been put in and work is being done on forms for walls as well as underground utility work.

PLANNING, BUILDING AND ZONING COMMITTEE

The Building Department monthly report was provided for review.

A report was provided on the May 23rd Planning and Zoning Commission meeting. A workshop was held to discuss a request for a variance for an 8' privacy fence in the front yard setback at 536 Maxwell Street. A public hearing is scheduled for the next PZC meeting on June 27th.

PUBLIC SAFETY COMMITTEE

Chief Lemming thanked the participants in the Torch Run last week. There were 26 runners.

Chief Lemming reported that Beecher was awarded a grant in the amount of \$3,800 for speed enforcement to be conducted from July 9th to August 1st. Grant is funded by the Federal government.

A report was provided on the adjudication program. The program is about ready to roll out, just making sure that the software is set up and ready.

The Police Department, EMA and Code Enforcement monthly reports were provided for review.

A report was provided on the bike rodeo that was held on June 1st. Bikes were given away to a boy and a girl. All went well despite the rain this year. Approximately 21 children turned out for the event. Chief Lemming thanked all who volunteered to help.

PUBLIC WORKS COMMITTEE

The Water Department monthly report was provided for review.

A Penfield Street improvement project update was provided by Superintendent Conner. The final layer of asphalt is scheduled to be laid on Wednesday morning as well as the paving on Gould Street. Contractor has been waiting on railroad flagger to schedule the work. Project is hoped to be completed by 4th of July.

Trustee Stacey made a motion to apply for a Department of Commerce and Economic Opportunity (DCEO) grant in the amount of \$50,000 for the purpose of replacing the parking lot and roadway at the Village Hall. Trustee Kraus seconded.

Superintendent Conner reported that Illinois DCEO reached out to Village about this grant and Village Hall staff discussed what work could be done in town. Parking lot at Village Hall would not normally be a priority but to be grant eligible, it has to be a project ready to be done. Installing sidewalks was discussed but involves a lot of time to mark areas to replace the concrete and last time the Village went to bid for this no concrete bids were received. This is a reimbursement grant. Superintendent Conner said he would like to approach Buddys and Cardinal Creek Golf Course to go in on the cost to get the roadway portion done. A previous agreement was made that Buddys and Golf Course are responsible for improvements to the road. If they don't want to participate, we don't have to pave those areas. All improvements are contingent on being awarded the grant.

AYES: (6) Trustees Stacey, Tieri, Kraus, Gardner, Weissbohn and Gianotti.

NAYS: (0) None.

Motion carried.

Trustee Stacey made a motion to accept the proposal from Wirkus Paving to replace the parking lot and roadway at the Village Hall in the amount of \$57,762 upon approval of the DCEO grant application and notice of grant award contingent on the businesses participating in the \$5,762 cost to replace the roadway portion. Wirkus Paving was the lowest proposal received out of six. Trustee Gardner seconded.

AYES: (6) Trustees Stacey, Tieri, Kraus, Gardner, Weissbohn and Gianotti.

NAYS: (0) None.

Motion carried.

ORDINANCE #1409 – An Ordinance amending and replacing section 12-10-3 of the Village Code entitled rates for sewer service. Trustee Stacey made a motion to approve Ordinance #1409. Trustee Gardner seconded.

AYES: (6) Trustees Stacey, Tieri, Kraus, Gardner, Weissbohn and Gianotti.

NAYS: (0) None.

Motion carried.

Trustee Stacey made a motion to approve the purchase of replacement UV lamps and material for the wastewater treatment plant from Trojan Technologies in the amount of \$12,781.85. Trustee Gardner seconded.

AYES: (6) Trustees Stacey, Tieri, Kraus, Gardner, Weissbohn and Gianotti.

NAYS: (0) None.

Motion carried.

ECONOMIC DEVELOPMENT AND COMMUNITY RELATIONS COMMITTEE

An update was provided on the first concert of the year held on Saturday, June 8th featuring the band All American Throwbacks. Despite the chilly weather the concert was well attended and went well. Approximately 250-300 people attended.

Trustee Gianotti said the Village Board will usually pour beer at Firemen's Park over the 4th of July the night the band the Village sponsors plays, which is July 6th, but volunteers have already been secured for the beer stand. However, there is help needed at the Big 6 booth. Trustee Gianotti will do a sign-up sheet.

OLD BUSINESS – None.

ADJOURN TO EXECUTIVE SESSION

There being no further business to discuss in regular session, Trustee Weissbohn made a motion to adjourn into executive session at 8:01 p.m. to discuss the appointment, employment, compensation, discipline, performance or dismissal of personnel (*5 ILCS 120/2(c)*). Trustee Gianotti seconded.

AYES: (6) Trustees Stacey, Tieri, Kraus, Gardner, Weissbohn and Gianotti.

NAYS: (0) None.

Motion carried.

Trustee Gianotti made a motion to return to regular session at 8:28 p.m. Trustee Stacey seconded.

AYES: (6) Trustees Stacey, Tieri, Kraus, Gardner, Weissbohn and Gianotti.

NAYS: (0) None.

Motion carried.

Trustee Stacey made a motion to make a conditional offer of employment to Adam Held for the Assistant Superintendent position in the Public Works Department. This is a salaried position. Trustee Gardner seconded.

AYES: (6) Trustees Stacey, Tieri, Kraus, Gardner, Weissbohn and Gianotti.

NAYS: (0) None.

Motion carried.

NEW BUSINESS

It was agreed to dedicate an honorary sign for the corner of Maxwell and Penfield for the Penfield Street project. This would occur at the Board meeting after the 4th of July.

Trustee Tieri left the meeting at 8:35 p.m.

The Board discussed where Superintendent Conner would have his office once new Assistant Superintendent begins work. He will give the new Assistant Superintendent his office at the Public Works garage and President Meyer said Superintendent Conner could use her office at the Village Hall since she rarely uses it. It was also discussed whether to purchase an additional vehicle for

Public Works Department for the new Assistant Superintendent to use. Superintendent Conner proposed to purchase a state bid vehicle for his use with money from the CESFA account, which would be less expense than other Public Works trucks since he doesn't need as heavy duty of a vehicle for administrative use. If authorized, he can skip purchase of a new truck next year as scheduled with CESFA.

There being no further business, President Meyer asked for a motion to adjourn. Trustee Gianotti made a motion to adjourn the meeting. Trustee Weissbohn seconded.

AYES: (6) Trustees Stacey, Tieri, Kraus, Gardner, Weissbohn and Gianotti.

NAYS: (0) None.

Motion carried.

Meeting adjourned at 9:06 p.m.

Respectfully submitted by:

Janett McCawley
Village Clerk

Maintenance Engineering to be Performed by a Consulting Engineer

Local Public Agency	County	Section Number
Village of Beecher	Will	25-00000-00-GM

The services to be performed by the consulting engineer, pertaining to the various items of work included in the estimated cost of the maintenance operations (BLR 14222), shall consist of the following:

PRELIMINARY ENGINEERING shall include:

Investigation of the condition of the streets or highways for determination (in consultation with the local highway authority) of the maintenance operations to be included in the maintenance program; preparation of the maintenance resolution (BLR 14220 for municipalities and counties), maintenance estimate of cost and, if applicable, proposal; attendance at meetings of the governing body as may reasonably be required; attendance at public letting; preparation of the contract, quotations, and/or acceptance (BLR 12330) form. Also, preparation of the maintenance expenditure statement which must be submitted to IDOT within 3 months of the end of the maintenance period.

ENGINEERING INSPECTION shall include:

Furnishing the engineering field inspection, including preparation of payment estimate for contract, material proposal and/or deliver and install proposal and/or checking material invoices of those maintenance operations requiring engineering field inspection. For operations requiring material testing ensure the testing is completed by a qualified firm.

For furnishing preliminary engineering, the engineer will be paid a base fee PLUS a negotiated fee percentage. Only one base fee can be charged per maintenance period. For furnishing engineering inspection, the engineer will be paid a negotiated fee percentage. The negotiated preliminary engineering fee percentage for each maintenance group shown in the "Schedule of Fees" shall be applied to the total estimated costs of that group. The negotiated fee for engineering inspection for each maintenance group shall be applied to the total final cost of that group for the times which required engineering inspections. In no case shall this be construed to include supervision of the contractor operations.

SCHEDULE OF FEES

Total of all Maintenance Operations:

<= \$20,000 Base Fee
 > \$20,000 Base Fee = \$1,250.00

PLUS

Maintenance Engineering Category	Preliminary Engineering		Engineering Inspection		Operation(s) to be Inspected
	Maximum Fee %	Negotiated Fee %	Maximum Fee %	Negotiated Fee %	
I	NA	NA	NA	NA	NA
IIA	2%		1%		
IIB	3%		3%		
III	4%		4%		
IV	5%		6%		

The LPA certifies that the selection of the ENGINEER was performed in accordance with the Local Government Professional Service Selection Act 50 (ILCS 510/1-510/8) and procedures outlined in Chapter 5 of the DEPARTMENT's Bureau of Local Roads and Streets Manual.

(Person responsible for Annual Report)

Name(s) of governmental entity(ies) in which MS4 is located: (As it appears on the current permit)

Village of Beecher

THE FOLLOWING ITEMS MUST BE ADDRESSED.

A. Changes to best management practices (check appropriate BMP change(s) and attach information regarding change(s) to BMP and measurable goals.)

- | | | | |
|--|--------------------------|---|--------------------------|
| 1. Public Education and Outreach | <input type="checkbox"/> | 4. Construction Site Runoff Control | <input type="checkbox"/> |
| 2. Public Participation/Involvement | <input type="checkbox"/> | 5. Post-Construction Runoff Control | <input type="checkbox"/> |
| 3. Illicit Discharge Detection & Elimination | <input type="checkbox"/> | 6. Pollution Prevention/Good Housekeeping | <input type="checkbox"/> |

B. Attach the status of compliance with permit conditions, an assessment of the appropriateness of your identified best management practices and progress towards achieving the statutory goal of reducing the discharge of pollutants to the MEP, and your identified measurable goals for each of the minimum control measures.

C. Attach results of information collected and analyzed, including monitoring data, if any during the reporting period.

D. Attach a summary of the storm water activities you plan to undertake during the next reporting cycle (including an implementation schedule.)

E. Attach notice that you are relying on another government entity to satisfy some of your permit obligations (if applicable).

F. Attach a list of construction projects that your entity has paid for during the reporting period.

Any person who knowingly makes a false, fictitious, or fraudulent material statement, orally or in writing, to the Illinois EPA commits a Class 4 felony. A second or subsequent offense after conviction is a Class 3 felony. (415 ILCS 5/44(h))

ANNUAL FACILITY INSPECTION REPORT
NPDES PERMIT FOR STORMWATER DISCHARGES
FROM MUNICIPAL SEPARATE STORM SEWER SYSTEMS (MS4)

2024 MS4 PROGRAM ANNUAL FACILITY INSPECTION REPORT

REPORTING PERIOD MARCH 2023 TO MARCH 2024

A. CHANGES TO BEST MANAGEMENT PRACTICES

The Village of Beecher is committed to a number of stormwater Best Management Practices (BMP) to meet the requirements of the MS4 program. The Village has developed a Stormwater Management Plan and has posted it to the Water & Sewer System Reports section of the Village website, along with the program NOI, annual reports, and other program information.

During this reporting period, no changes were made to the Village's Best Management Practices.

B. STATUS OF COMPLIANCE WITH PERMIT CONDITIONS

The best management practices, along with measurable goals and milestones for the reporting year are provided below:

BMP No. A1 Newsletter Articles

Measurable Goal(s), including frequencies: Publish stormwater articles in the Village newsletter annually. These articles should address stormwater issues, as explained in the Village's original Notice of Intent.

Milestone: Continue annual publication of newsletter articles.

BMP Status: The Village published two education articles in its newsletter about stormwater pollution prevention. These are also on the Village website.

BMP No. A1 Village Website

Measureable Goal(s), including frequencies: Stormwater pollution prevention articles will be available at all times on the Village's website. These articles provide information to concerned citizens on how to help reduce pollutant loading in the area's receiving waters.

Milestone: Maintain stormwater pollution prevention articles on the Village's website.

BMP Status: There are over 20 different stormwater pollution prevention articles on the Village's website at <https://www.villageofbeecher.org/village-departments/public-works/stormwater-education-articles/>.

BMP No. B2 Trim Creek Clean-Up

Measurable Goal(s), including frequencies: Continue a fall clean-up of Trim Creek during the years of this program. Evaluate the effectiveness of the program.

Milestone: Continue to participate in the program.

BMP Status: The Village is currently evaluating future public participation options.

BMP No. B7 Public Reporting

Measurable Goal(s), including frequencies: Inform all residents of the existence of a contact number in the existing residential newsletter. Hold at least one public meeting at which stormwater pollution will be discussed.

Milestone: Publish contact number in resident newsletter.

BMP Status: The Village is using their general number, (708) 946-2261, for resident reporting. The contact number is published in Village newsletters, and is also listed on the Village's website. The Village introduced a smartphone app that can be used for resident reporting.

Environmental sustainability topics are addressed in the Village's 2040 plan. Environmental justice information was reviewed and updated.

The MS4 program was discussed at the June 12, 2023 Village Board meeting.

BMP No. C1 Storm Sewer Atlas

Measurable Goal(s), including frequencies: Update storm sewer atlas as new developments are constructed in the Village.

Milestone: Update storm sewer atlas as needed.

BMP Status: The Village’s storm sewer atlas continues to be updated regularly as new developments are constructed in the Village.

BMP No. C2 Illicit Discharge Detection and Elimination Ordinance Amendment

Measurable Goal(s), including frequencies: Adopt and implement an ordinance amendment by January 1, 2008.

Milestone: Continue to enforce the Illicit Discharge Detection and Elimination Ordinance.

BMP Status: This ordinance was passed by the Village Board in November of 2006. It is now fully implemented. Stormwater runoff into Trim Creek is sampled twice a month near the wastewater treatment plant for ammonia, BOD, total suspended solids, and pH.

BMP No. C4 Illicit Discharge Tracing Procedures

Measurable Goal(s), including frequencies: Investigate all illicit discharges identified. Document Village efforts in tracing illicit discharges.

Milestone: Continue tracing program for all discharges identified.

BMP Status: No illicit discharges were identified during this reporting period.

BMP No. C5 Illicit Discharge Removal Procedures

Measurable Goal(s), including frequencies: Disconnect any illicit discharge source that can be identified through the tracing program.

Milestone: Full implementation of illicit discharge removal procedures.

BMP Status: No illicit discharges were identified during this reporting period.

BMP No. C7 Visual Dry Weather Screening Program

Measurable Goal(s), including frequencies: Annual screening of all outfalls. Screening of storm structures is performed over a four year cycle.

Milestones: Implement structure screening during routine maintenance and continue outfall screening.

BMP Status: All outfalls (57 structures) along Trim Creek within the Village were screened in 2023 and no illicit discharges were discovered.

BMP No. D1/D2/D3/D4/D6 Soil Erosion and Sediment Control Ordinance Amendments

Measurable Goal(s), including frequencies: Review site plans, inspect construction sites, and enforcement of control measures.

Milestone: Continue to implement procedures for site plan review, site inspection, and enforcement of control measures.

BMP Status: The Village has a soil erosion and sediment control ordinance, which is followed during site plan review. All ordinance provisions are enforced in the field.

BMP No. E2/E3/E5/E6 Storm Water Drainage and Detention Ordinance

Measurable Goal(s), including frequencies: Inspect sites during and after construction. Enforce the Village of Beecher Subdivision Ordinance and the Will County Stormwater Management Ordinance.

Milestone: Continue to inspect sites during and after construction, following the Village of Beecher Subdivision Ordinance and the Will County Storm Water Management Ordinance.

BMP Status: The Village continues to inspect during and after construction. No illicit discharges were noted.

BMP No. F1 Employee Training Program

Measurable Goal(s), including frequencies: Conduct annual training to educate staff on prevention and reduction of storm water pollution from municipal activities.

Milestone: Continue employee training program.

BMP Status: Public Works employees completed training on stormwater pollution prevention as part of “Toolbox Training”.

BMP No. F2 Inspection and Maintenance Program

Measurable Goal(s), including frequencies: Biennial review of program to determine effectiveness.

Milestone: Evaluate effectiveness of inspection and maintenance program.

BMP Status: All Village streets (42 miles) were swept during the reporting year. Cleaning and inspection was performed at 1,650 storm drain inlets and catch basins in 2023. Drainage structures were inspected, and repaired or replaced as needed. The effectiveness of the program was evaluated and it was determined that the program does not need to be updated.

BMP No. F3 Municipal Operations Stormwater Control

Measurable Goal(s), including frequencies: Biennial review of program to determine effectiveness.

Milestone: Evaluate effectiveness of Municipal Pollution Prevention Plan.

BMP Status: There were no changes to the program in the reporting year. The effectiveness of the program was evaluated and it was determined that the program does not need to be updated.

BMP No. F4 Municipal Operations Waste Disposal

Measurable Goal(s), including frequencies: Transport used vehicle oil to a local service station for recycling.

Milestone: Continue to recycle used vehicle oil.

BMP Status: Continued to recycle used vehicle oil at local service station. Village residents had the opportunity to participate with Will County's 2023 hazardous material pick up day at Washington Township.

C. INFORMATION AND DATA COLLECTION RESULTS

Monitoring data was collected in Trim Creek near the wastewater treatment plant twice a month. Data for ammonia, BOD, total suspended solids, and pH is available at Village Hall.

D. SUMMARY OF NEXT REPORTING PERIOD STORMWATER ACTIVITIES

A summary of the stormwater activities planned for the next reporting period is shown below:

BMP No. A1 Resident and Business Newsletter Articles – Storm Water Pollution Prevention

The Village of Beecher publishes a newsletter for its residents. Annual articles addressing the following issues will be incorporated into the newsletter in the future: the impacts of storm water discharges on water bodies, measures the public can take to reduce pollutants in storm water runoff, the impact of climate change on storm water pollution, and information directed to public employees, businesses, and the general public regarding hazards associated with illegal discharges and improper waste disposal.

Measurable Goal(s), including frequencies: Continue publishing storm water articles in Village newsletter annually or on website.

Milestone: Continue annual publication of newsletter articles.

BMP No. A6 Other Public Education

The Village maintains a NPDES stormwater website to provide information on the MS4 program, education materials, and program plans and reports. The website provides contact information for questions, reporting illicit discharges, or other water quality concerns.

Measurable Goal(s), including frequencies: Review and update the website annually.
<https://www.villageofbeecher.org/village-departments/public-works/>

Milestone: Review and update the website.

BMP No. B1 Public Panel

The Village of Beecher will present the stormwater program at a public meeting to inform residents and allow for input on the program.

Measurable Goal(s), including frequencies: The Village will host a public meeting, annually.

Milestone: Present the stormwater program at a public meeting.

BMP No. B2 Trim Creek Clean-Up

The Village of Beecher teams with the Trim Creek Drainage District to organize a stream clean-up along Trim Creek each year. Approximately one-half mile of stream is cleaned each year. The Village will continue the stream clean-up each year, using Public Works or Drainage District forces.

Measurable Goal(s), including frequencies: Continue a fall clean-up of Trim Creek during the years of this program.

Milestone: Continue to participate in the clean-up.

BMP No. B7 Other Public Involvement

The Village will continue to provide a contact number at the Village that residents can call to report storm water related issues, including ordinance violations, construction site soil/erosion control violations, maintenance issues, and illicit discharges.

Measurable Goal(s), including frequencies: Inform all residents of the contact number in the newsletter.

Milestone: Continue to publish contact number in resident newsletter and on Village website.

BMP No. C1 Storm Sewer Atlas

The Village of Beecher has a digital storm sewer atlas that includes all existing outfalls, receiving waters, and storm sewer pipes. The atlas is updated as new developments are added to the Village. The Village will continue to update their storm sewer atlas as new developments are constructed in the Village.

Measurable Goal(s), including frequencies: Update storm sewer atlas as new developments are constructed in the Village.

Milestone: Update storm sewer atlas as needed.

BMP No. C2 Illicit Discharge Detection and Elimination Ordinance Amendment

The Village adopted an Illicit Discharge Detection and Elimination Ordinance. In addition, the Village adopted the Will County Stormwater Management Ordinance to prohibit non-storm water discharges into the Village's storm sewer system. The Ordinance includes enforcement and penalties for ordinance violations.

Measurable Goal(s), including frequencies: The Village will enforce the Illicit Discharge Detection and Elimination Ordinance

Milestone: Continue to enforce the Illicit Discharge Detection and Elimination Ordinance.

BMP No. C4 Illicit Discharge Tracing Procedures

The Village developed procedures for tracing illicit discharges identified through a dry-weather screening program, regular storm sewer maintenance, and from public reporting. The Village implements the tracing program for all discharges identified. Efforts to locate illicit discharges will be documented.

Measurable Goal(s), including frequencies: Investigate all illicit discharges identified. Document Village efforts in tracing illicit discharges.

Milestone: Continue tracing program for all discharges identified.

BMP No. C5 Illicit Discharge Removal Procedures

The Village developed procedures for removing illicit discharges identified through the illicit discharge tracing program. The Village enforces full implementation of illicit discharge removal procedures.

Measurable Goal(s), including frequencies: Disconnect any illicit discharge source that can be identified through the tracing program.

Milestone: Full implementation of illicit discharge removal procedures.

BMP No. C7 Visual Dry Weather Screening Program

The Village conducts annual dry weather screening of all outfalls to receiving waters to identify any illicit discharges. All the storm water outfalls along Trim Creek have been identified. Also, screening will be conducted for storm sewer structures during routine sewer maintenance.

Measurable Goal(s), including frequencies: Annual screening of all outfalls. Screening of storm sewer structures during routine maintenance.

Milestone: Continue outfall screening and implement structure screening during routine maintenance.

BMP No. D1/D2/D3/D4/D6 Soil Erosion and Sediment Control Ordinance Amendments

Construction site erosion and sediment control is currently addressed by Article 6, Section 2.2 of the Village of Beecher Subdivision Ordinance No. 789 and Development Standards, and by Article 3 of the Will County Stormwater Management Ordinance, which was recently adopted by the Village. Article 3 of the Will County Stormwater Management Ordinance addresses the reduction of pollutants in storm water runoff from any land disturbing activity. It includes provisions that require: an erosion and sediment control plan, site inspection and enforcement of control measures, and sanctions to ensure compliance. Beecher's Subdivision Ordinance requires the control of wastes at construction sites that could cause adverse impacts to water quality, and requires that all regulated construction sites have a storm water pollution prevention plan that meets or exceeds the requirements of Part IV of NPDES permit No. ILR10, including management practices, controls, and other provisions at least as protective as the requirements contained in the Illinois Urban Manual, 2002.

The Village of Beecher currently considers water quality in its site plan review procedures and site inspection and enforcement of control measures.

Measurable Goal(s), including frequencies: Implement site plan review, inspection, and enforcement of control measures for all site plans.

Milestone: Continue procedures for site plan review and site inspection and enforcement of control measures.

BMP No. E2/E3/E5/E6 Stormwater Drainage and Detention Ordinance Amendments

Post-construction storm water management for new development and redevelopment projects is currently addressed by Articles 7 and 8 of the Village of Beecher Subdivision Ordinance No. 789 and Development Standards, and Articles 2 and 6 of the adopted Will County Stormwater Management Ordinance. Articles 2 and 6 of the Will County Stormwater Management Ordinance address volume and quality control for storm water runoff from finished development projects that have disturbed from one acres to five acres and greater in size. It includes provisions that require: controls to prevent or minimize water quality impacts, implementation of structural and non-structural BMP's, provisions to ensure long-term operation and maintenance of BMP's, site inspections during construction, and post-construction inspections. Beecher's Subdivision Ordinance requires all construction sites disturbing a land area of one acre or greater, including projects less than one acre that are part of a larger common plan of development or sale, and that discharge to the Village's storm sewer system, be regulated. Beecher's ordinance also

requires that all regulated construction sites have post-construction management that meets or exceeds the requirements of Section IV (D)(2)(b) of NPDES permit No. ILR10 including management practices, controls, and other provisions at least as protective as the requirements contained in the Illinois Urban Manual, 2002.

Measurable Goal(s), including frequencies: Inspect sites during and after construction. Enforce the Village of Beecher Subdivision Ordinance and the Will County Stormwater Management Ordinance.

Milestone: Continue to inspect sites during and after construction, following the Village of Beecher Subdivision Ordinance and the Will County Storm Water Management Ordinance.

BMP No. F1 Employee Training Program

The Village currently conducts employee training for municipal operations and safety. A training program to educate staff on prevention and reduction of storm water pollution from municipal activities has been incorporated into the Village's existing training program. This program addresses activities such as park and open space maintenance, fleet and building maintenance, operation of storage yards, snow disposal, new construction and land disturbances, storm water system maintenance procedures for proper disposal of street cleaning debris and catch basin materials, and addresses ways that flood management projects impact water quality, nonpoint source pollution control, and aquatic habitats. This program also addresses the hazards associated with illegal discharges and improper disposal of waste.

Measurable Goal(s), including frequencies: Conduct annual employee training to educate staff on prevention and reduction of storm water pollution from municipal activities.

Milestone: Continue employee training program.

BMP No. F2 Inspection and Maintenance Program

The Village conducts a regular inspection and maintenance program to reduce pollutant runoff from municipal operations, and evaluates its effectiveness. The program modified based on that evaluation if needed. The program includes: sweeping of all Village streets twice per year, jetting storm sewers as needed, and cleaning the associated catch basins, inspecting and cleaning catch basins after large storms, regrading ditches approximately every 10 years, and mowing and maintaining three dry bottom detention ponds.

Measurable Goal(s), including frequencies: Implement and review of the maintenance program to determine effectiveness, annually.

Milestone: Implement and review the maintenance program to determine effectiveness.

BMP No. F3 Municipal Pollution Prevention Program

The Village has policies designed to prevent storm water pollution associated with municipal operations. Road salt is stored in a dedicated structure. Flammable and hazardous chemicals are stored in fireproof metal cabinets. Chlorine gas used to disinfect drinking water is stored per Title 3 chemical safety standards. The policies described above were incorporated into a formal Municipal Pollution Prevention Program. This program will be evaluated to determine its effectiveness and modified as necessary.

Measurable Goal(s), including frequencies: Annual review of program to determine effectiveness.

Milestone: The effectiveness of this program will be evaluated.

BMP No. F4 Municipal Operations Waste Disposal

The Village of Beecher currently transports used vehicle oil to a local service station for recycling. Wastes are stored in appropriate containers for disposal.

Measurable Goal(s), including frequencies: Annually, store wastes in appropriate containers for disposal. Implement good housekeeping procedures. Transport all used vehicle oil to a local service station for recycling.

Milestone: Store wastes in appropriate containers for disposal. Implement good housekeeping procedures. Transport all used vehicle oil to a local service station for recycling.

E. NOTICE OF RELIANCE ON ANOTHER GOVERNMENT ENTITY

The Village is not relying on any other government entity to satisfy permit obligations.
